

Mighton Balances

Our Spiral Balance selection gives you the availability to cover a weight range between 10lbs to 95lbs. The balance cover length ranges from 6" to 51".

All balances come with a standard white tube.

We also sell a range of tube covers that can be slid over the white tube to change the look of the balances.

Colours available: grey, black, brown and cream.

Balance Characteristics

- Gives the sash a smooth and even operation AL force throughout its travel
