

Locking & Non Locking Fitch Fastener

Data Sheet

Our highly popular fitch fastener brings an added dimension to security. When sash windows are double glazed the top meeting rail can, in some cases, be dramatically reduced in size. We offer a slim back plate (16mm) to overcome this problem, giving ease of fitting and a look that keeps the style on par with security.

Why use Mighton Fitch Fasteners?

- The ultimate in Fitch Fastener design
- Available as locking and non-locking in Brass (PVD), Chrome and Satin Chrome

Chrome

Brass (PVD)

Satin Chrome
