6 Finishes and product codes

Finish	Product code	Finish	Product code
PVD Brass	SLPVD	**Satin Chrome**	SLSC
Lacquered Brass	SLLB	**Antique Pewter**	SLAP
Satin Brass	SLSB	**Satin Black**	SLBLK
Antique Brass	SLABR	**Oil Rubbed Bronze**	SLORB
Polished Chrome	SLCH		

PVD (Physical Vapour Deposition) is a strong, wear-resistant finish with high durability and scratch resistance.

Lacquered Brass will tarnish. It is polished and lacquered, not plated. Lacquer can hinder tarnishing, but with handling it will eventually tarnish and take on an authentic 'used' look.
